Green and Responsible

Being “green-minded”, KAIZER believes that its success should not come at the expense of the environment. Through responsible acting and innovative thinking, it contributes to the prevention of pollution, energy-conservation and sustainable use of rawmaterials.

KAIZER works arduously to minimize energy consumption and reduce green house gas emissions. KAIZER has improved storedesign, enforced the recycling of waste and implemented usage of double-sided copy-machines. KAIZER only makes use of environment-friendly dyes and chemicals.

For over a decade, KAIZER’s charitable arm, has spearheaded the company’s community involvement efforts.

KAIZER strictly complies with ILO regulations and thus, actively supports the elimination of child labour from the society. KAIZER has effectively developed the “green and responsible” concept among its partners. KAIZER believes that the best way to bring about social and environmental change is to leverage its biggest corporate asset - the workforce. With over 2116 skilled employees, KAIZER has enormous potential to make a difference, through employee talents and passion for volunteering.

KAIZER certainly repays them by arranging worker recreation programs and annual festivities.
